

RENT A DEFIB

Saving lives costs **less** than you think

Sudden Cardiac Arrest remains the UK's single biggest killer.

THE FACTS

70% of out of hospital cardiac arrests happen in the community

For every one minute that passes chance of survival decreases by 10%

Where a defib is used within 3 minutes, chance of survival can increase to as high as 74%

Defibrillators Save Lives!

Protect your workplace or organisation and Rent a Defib with fixed monthly payments from £25* per month (* plus VAT)

WHY RENT

Rent a defibrillator for less than £1 per day
